MIDO WRIST-SIZER INSTRUCTIONS

IMPORTANT

This page must be printed at 100% (no scaling) in portrait orientation.

the format is a full letter (8 ½ x 11 inches). Use a ruler to confirm that the wrist sizer has been printed properly, take a ruler and measure the sample below. It should measure exactly 1 inch / 2 cm

- 1. Cut out the paper wrist sizer** and follow the instructions below.
- 2. Make sure that the numbers are on the outside of the paper wrist sizer** and insert the pointed end through the opening you have cut at the the other end (orange dotted line). Place your hand through it and pull the pointed end until it fits comfortably on your wrist.
- 3. The number that lines up with the edges of the opening (orange dotted line) is the size of your wrist.** Use it to match the closest option of bracelet size when you buy your watch on www.shopmido.com

You can also use a tape measure but if you do not have one, take any small piece of ribbon or cord. Wrap it around your wrist and measure the length against a ruler.

Please note that this wrist sizer is an indicative guide only and therefore may not be an exact measure. To assure an optimal use, this page has to be printed at 100% (no scaling) in portrait orientation.
